WHY THEY BREAK DOWN.

NOT ONLY ANIMALS, BUT MEN. A STRONG OB-JECT LESSON.

"He was a splendid racer once, but is all brokes down now," was the remark of a gentleman who saw a well-known horse hobble by. The horse has been overtaxed and "broke down." The man of business strains his energies and breaks down. The wife, mother or working woman goes beyond her strength and breaks down. The world seems filled with broken down people, and unfortunately, it generally seems to be their own fault. When nature begins to give way, assist her. Do it gently, and do it sensibly. Stimulate her weakening powers with pure whiskey taken as a medicine, and not as a beverage. Nine times out of ten, the breaking down will cease

and health wifl return. It is necessary, however, that only pure and medicinal whiskey be used, and doctors all agree that Duffy's Pure Malt Whiskey is the only pure and reliable preparation in America. It has the indorsement of clergymen, owing to its great medicinal qualities. It is used in hospitals, in cases of fever and where a reliable stimulant is required, but its great power is in restoring the broken dewn, building up the weak and debilitated, and giving new life to the aged. Do not permit any dealer to sell you a worthless article, claiming it is as good as Duffy's, which is the only medicinal whiskey before the public.
